B. E. P. Q. 578-42, Revised  
Supplement No. 1

March 31, 1954

SOUTH CAROLINA

According to information received from the South Carolina State Crop Pest Commission the Camellia Flower Blight Quarantine has been revised. This revision changes the Regulated areas (page 3 of the summary), as follows:

Camellia Flower Blight  
(Quarantine, revised effective Sept. 15, 1953)

Regulated areas

California: Entire State

Georgia: That property known as 3629 Tuxedo Road, Tuxedo Park Community, Atlanta, as described

Louisiana: Caddo Parish—That part of the City of Shreveport described; Orleans Parish—That part of the city of New Orleans described; and Ouachita Parish—Those portions of the city of Monroe described

North Carolina: Brunswick County—That part described, including Orton Plantation; Wilson County—That area included within a circle having a 1 mile radius with the center at the entrance to Tomlinson's nursery.

Oregon: Entire State
